

STATISTICS FOR WEBSITE:

AUR students are: full time, undergraduates from all over the world

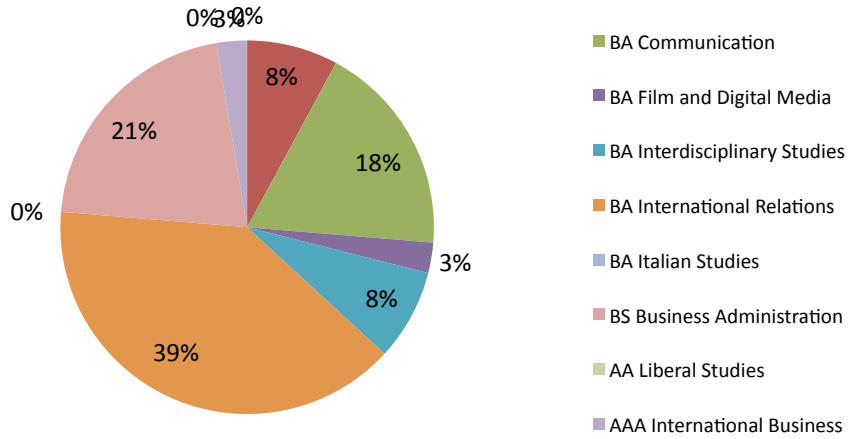

They are mainly traditional-age students and the gender balance is roughly equal. Around one third of students join AUR as transfer students. Of the two thirds who begin as first time in college students, one third arrive with advanced placement credits.

Age

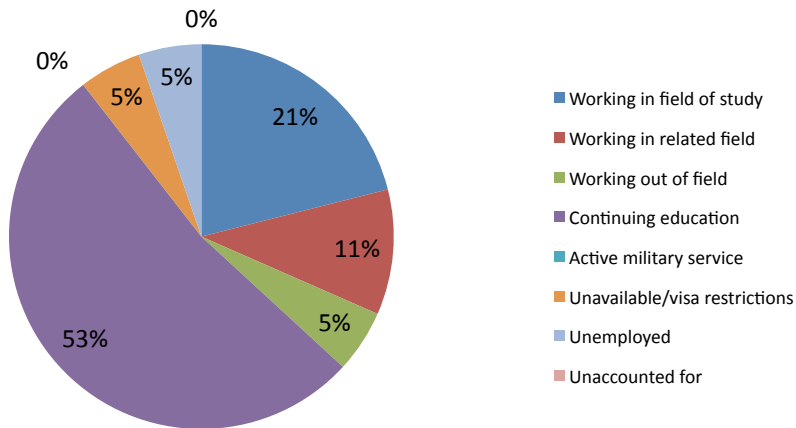

AUR's most popular degrees are:

Graduates by Degree 2011

AFTER GRADUATION over 50% of AUR students go on to postgraduate study.

2011 Graduates Post Graduation

AUR's CLASSES are small with an average class size (over three years) of 16 students.

AUR offers a varied course schedule each semester with on average 114 courses to choose from.

In 2012 AUR students participated in the National Survey of Student Engagement. Feedback from our senior students confirms their positive educational experience:

AUR has small classes and values student-participation. 92% of seniors at AUR often asked a question in class or contributed to class discussions and 92% often gave a class presentation during the year.

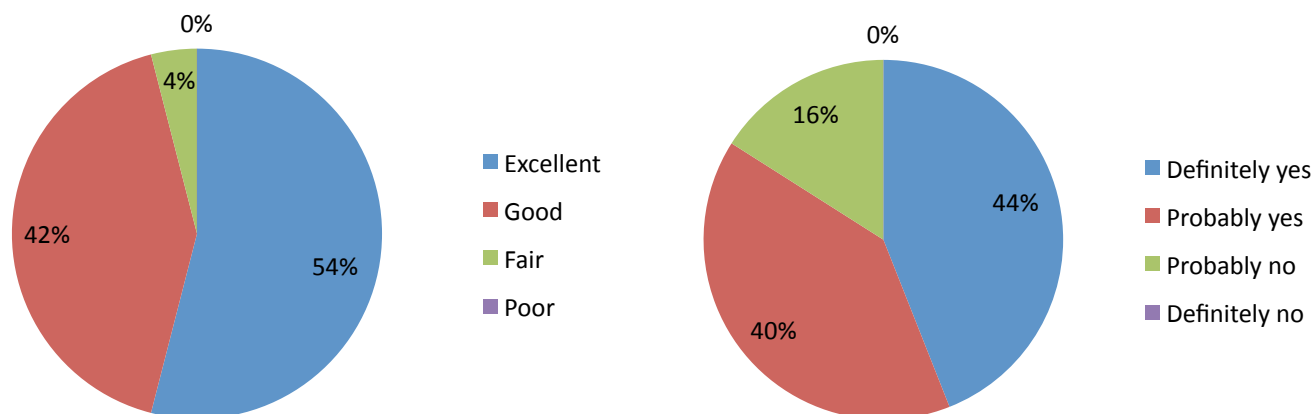

AUR is international and promotes diversity. 84% of seniors included diverse perspectives (different races, religions, genders, political beliefs etc) in class discussions or writing assignments. 88% of respondents had participated in serious conversations with students of a different race or ethnicity than their own and 92% had held serious conversations with students with very different religions beliefs, political opinions or personal values and 81% of seniors regularly tried to better understand someone else’s views by imagining how an issue looks from his or her perspective.

Courses at AUR help student with their critical thinking skills. 96% of AUR seniors felt the University’s put a lot of focus on developing students ability to analyze the basic elements of an idea. 81% reported that AUR developed their ability to synthesize and organize ideas. 73% felt that courses helped students develop the ability to make judgments about the value of information, arguments or methods. And 92% felt that coursework emphasized applying theories or concepts to practical situations.

AUR offers a supportive environment. Students feel that AUR faculty are available helpful and sympathetic (75%), that the University’s administration is helpful, considerate and flexible (96%). And that the University provides the support needed for them to succeed academically (81%). 85% feel they receive good or excellent academic advising.

AUR helps students prepare for the future. 84% feel the University makes a significant contribution to them acquiring job or knowledge and skills related to the work place. Skills including the ability to write clearly and effectively (88%), . speak clearly and effectively (96%), think critically and analytically (100%).

When asked to evaluate their entire educational experience at AUR, over half of seniors felt it was excellent. And if they could start over again, 88% would attend AUR again.
